

Buried My Name Capo 1

Am

(Verse 1)

[Am] [C] [G] [Am]

I left my life when the sky turned black,

[Am] [C] [G] [Am]

Waiting for the wisdom that i lacked.

[C] [D]

Thought the dark would hide my shame,

[C] [D]

But the wind whispers my name,

[Am] [C] [G] [Am]

Calling me back, calling me back. X2

(Verse 2)

[Am] [C] [G] [Am]

I spent my gold to burn my past,

[Am] [C] [G] [Am]

Gave my pound of flesh to make it last.

[C] [D]

But the dark still casts its shade,

[C] [D]

It follows like a debt unpaid,

[Am] [C] [G] [Am]

Holding on fast, holding on fast. X2

[Am] [C] [G] [Am]

Chorus 1

[F] [E] [Am]

I buried my black heart to save my soul,

[F] [E] [Am]
Left no sign or trace of the love I sold,
[F] [E] [Am]
Thought the earth could absolve my of al off me
lies.

[C] [D]
But the past wont let me sleep,
[C] [D]
Can never find that peace I seek,
[Am] [C] [G] [Am]
It's still in my eyes, still in my eyes. X2

Verse 3

[Am] [C] [G] [Am]
Felt the breath of fate behind my back,
[Am] [C] [G] [Am]
Turned to see the eyes staring through the
black.
[C] [D]
Ghostly voices, cold and low,
[C] [D]
Spoke the truths I swore unknown,
[Am] [C] [G] [Am]
Tearing the cracks, tearing the cracks.

Chorus 2

[F] [E] [Am]
I buried my soul in the dead of night,
[F] [E] [Am]
Tried to blind all the demons in the light.

[F] [E] [Am]
Thought I'd never see that old ghost again.

[C] [D]
But the past wont let me hide,

[C] [D]
it'll never be denied

[Am] [C] [G] [Am]
It's waiting, my friend, waiting, my friend. X2

Verse 4

[Am] [C] [G] [Am]
I took a step back with ice in my heart,
[Am] [C] [G] [Am]
And faced the specter I thought I tore apart.

[C] [D]
No more running, no more lies,

[C] [D]
The past can't rest, so i won't try,
[Am] [C] [G] [Am]
Lost in the dark, lost in the dark. X2

Bridge-

[D] [Am]
I fought those Smokey visions 'til my hands bled
dry,

[D] [Am]
But I tore through the cold, tore through the
lies.

[D] [Am]

They clawed at my soul, tried to drag me down.

[D]

[E]

Left me bruised and battered on the ground.

[D]

[Am]

Now I'm hurting alone in the dark of the day,

[D]

[Am]

The price for peace was too steep to pay.

[D]

[Am]

But I paid that toll, and lost my name,

[D]

[E]

Darkness gathers, full of shame

Chorus 3 (Final)

[F]

[E]

[Am]

I buried my name six feet in the clay,

[F]

[E]

[Am]

Thought the winds of time would have their way.

[F]

[E]

[Am]

I'll never be through, it'll always be around.

[C]

[D]

Left no marker, no words, no stone, just the

[C]

[D]

ghost of a man who lost his home,

[Am]

[C]

[G]

[Am]

Still dragging me down, dragging me down. X2
