by Colin Alvarez
Heavy 12/8

[Intro]

[Fmaj7] [Am]

Vamp before verse comes in

[Verse 1]

[Am]

Pop, you never played, but you knew every song

[Fmaj7]

Raised me on that old familiar sound

[Dsus2]

you'd crank up Stevie, Jimi, and page

[Am]

[E]

Sayin' "Son, that's a new family found"

[Verse 2]

[Am]

We lost mom, and with her so much more

[Fmaj7]

Secrets can't stay buried too long

[Dsus2]

You ran out west, chasing your setting sun,

[Am]

[E]

But old shadows knew right from wrong

[Chorus]

[Am]

[Fmaj7]

But pop i see you nod when I hit that bend

[Dsus2]

[E]

Still see you in the ones you lost

[Am]

[E]

We've had our silence, we've had our sin

[Dsus 2]

[Am] [E7]

But I saw your pain and the cost

[Am]

[Fmaj7]

Cant imagine, what you faced alone

[Dsus2]

[Am] [E]

Id give anything, for one more day

[C]

[D]

[Fmaj7]

Goodbyes too hard, the silence too deep,

[E]

So I will play you home.

[Fmaj7] 2 bars [Am] 2 Bars

Vamp on this until next verse

[Verse 3]

[Am]

You weren't perfect, and neither am I

[Fmaj7]

A reflection of the man I saw

[Dsus2]

Times too cold, and the distance so far

[Am]

[E]

But in the music I still hear you call

[Verse 4]

[Am]

In whatever comes after, if there is a stage

[Fmaj7]

Free from all the burden and pain

[Dsus2]

Know your boy still sings your song

[Am]

[E]

and looks for peace in whatever remains

[Chorus]

[Am]

[Fmaj7]

But pop can you see me when I hit that bend?

[Dsus2]

[E]

Do you see me in the ones you lost

[Am]

[Fmaj7]

We had our silence, we hid our sins

[Dsus2]

[Am]

[E]

But I felt your pain and its cost

[Am]

[Fmaj7]

could you see what we faced alone?

[Dsus2]

[Am]

What would you do with one more day

[C]

[Dsus2]

[Fmaj7]

Goodbyes too hard, the silence too deep,

[E] (ring)

So I will play you home.
